Dear Sirs:

I have been hearing stories about the Bonneville Salt Flats for as long as I can remember, and have loved motorsports of all kind since I was a child. Visiting the Bonneville Salt Flats is a personal 'bucket list' item. It's been a longtime dream of mine to get out there and maybe even race it someday. The thought of possibly not having that opportunity anymore saddens me. That's why I stand with the Utah Alliance to Save the Salt.

Sincerely,
